BMW Alpina Roadster 3.4S Lux Version For reluctant sale is my much loved Roadster S. Sadly, I just dont have the opportunity to use it anywhere near as much as Id like and so the difficult decision has been made to sell. Fantastic car, very rare and still turns heads. And quick! Recent work as follows: - VANOS Unit Removal, Strip and Rebuild - Apr 2015 (Work done by CPC High Wycombe) included Seal Kit, Rocker Nut, Diaphragm Springs etc. - Aux Timing Chain Tensioner replaced - Apr 2015 - New Brakes and Pads plus sensors all round - May 2015 included handbrake shoes. - All Alloys Fully Refurbished - Aug 2013 - (still blemish-free, conducted by Platinum, Swindon) - Gen 3 Glasscoat Paintwork Protection applied by CleanDetail Doncaster Jul 12, guaranteed to Jul 17. - Fully Serviced. Inspection 1 done Apr 2015 - New Battery - circa Jul 15 - Good Tyres The VANOS work is a real plus point as a noisy VANOS is not uncommon with these engines. As this is the Lux version, it has all the extras such as SatNav, Xenons, Electric Seats, Heated Seats, CD Changer, Bluetooth etc. The list does go.
