I am selling my sisters Rolex Oyster Perpetual Date on her behalf which my brother in law bought for her in London new.

The model number is 69173 and dates to 1978 (after checking the serial number on the Rolex website) and is in full working order, and keeps perfect time.

Brand: Rolex  
Range: Oyster Perpetual Date  
Model: 69173  
Gender: Ladies  
Movement: Automatic  
Case size: 26 MM  
Case material: Steel & Yellow Gold  
Bracelet material/Type: Steel & Yellow Gold (Jubilee) 62523D 14  
Dial type: RARE Champagne "Linen Pattern" with Gold Baton Markers  
Water resistance: 100 Metres  
Serial Number: 546 XXXX

This watch has the original leather box, the owners manual, leather wallet, Rolex guarantee booklet and Rolex RED tag, but sadly the certificate of purchase when new has been lost.

The watch has a 14 carat yellow gold, and the bracelet is also 14 carat yellow gold. It has a rare dial and has been kept in the original box, giving it a bit of age but it is in excellent working condition, and keeps great time, and has minimal age related marks.

The watch is in excellent working condition, and keeps great time, and has minimal age related marks. It is a great gift to a loved one, and is also appreciating in value all the time. The fact that it has the original box and associated items makes it more valuable. A new equivalent Rolex model to this would be £9950 + depending on where you bought it!
