

# Branching Out - Social Communication and Behaviour Management (75 GBP)

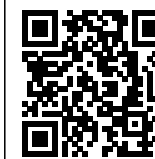

Location **South East, West Sussex**  
<https://www.freeadsz.co.uk/x-275329-z>

Branching Out develops programmes to teach a variety of social and behavioural skills including (but not limited to) conversation, body language, understanding other people's perspectives, self calming strategies, and desensitisation. I can either work with an existing tutor to develop and then supervise delivery of the programme, or can deliver the programme myself.

Branching Out can help any child or teenager who would benefit from developing their social skills, regardless of whether they have a formal diagnosis of any kind. Our specialist programmes are tailored to meet your child's individual needs.

Our services can be delivered at your family home or in your child's school. We cover the South East and London.

Please get in contact to find out whether our specialist programmes are right for your.
