## WASHING MACHINES

Bosch For super quiet, efficient and thorough washing, the Bosch WIS28441GB Integrated Washing Machine in cool white is a great option. ActiveWater Plus Innovative ActiveWater technology ensure that only the right amount of water is used for every wash in the WIS28441GB . The machine doesn't require a half load option since the amount of water used matches each load size - nothing is wasted. Great for the whole family Features like the innovative allergy programme mean that everyone's washing can be done at once, no matter what the personal requirements. Super quick results when you need them most The WIS28441GB 's quick fifteen minutes programme is ideal if you are in a real hurry. You might be going out after work or school, or getting ready to go away, and you could simply throw a few bits in, and have them ready in no time at all. This function is also great for freshening up clothes that have been stored for winter. VarioSoft Drum The WIS28441GB comes with Bosch's specialised CircoCare drum system, which improves the quality of your wash powerfully yet gently, achieving a more thorough but gentle wash. Laundry is gently rotated at the centre of the drum, meaning all garments are protected, and creases are reduced - saving you time at the ironing board. With reliable washing programmes and added safety features the Bosch WIS28441GB Integrated Washing Machine is a step towards easier family washing. £699.00 =====
