(2003 MY) Range Rover L322 3.0 Diesel automatic/semi Auto on 53 Plate. I bought this off of my son and fitted new wheels & tyres and new stainless side bars and i've only covered about 100 miles in it since I've had it so it needs to go. It's in general good condition but has a scuff on the drivers seat. Obviously it's not a new car and prospective buyers should bare this in mind.

She is MOT'd until November and runs great. I may be open to sensible offers but nothing silly.
