Broken Window, Condensation inside your double glazing, Misty windows, I offer a fully comprehensive glass and glazing service. A traditional glazing service with over 35 years experience I specialise in tricky jobs which have often defeated others. I cover all of Sittingbourne, Sheppey, Faversham, Medway, Maidstone, Canterbury and surrounding areas and no job is too small. My prices are competitive with other local traders and my business being small, I do not need to charge VAT. If you have a breakage due to an accident or vandalism I can attend on the same day to clean up, make safe and remove any dangerous, broken glass. I can then carry out an emergency board up or in most cases cut new glass on site to install right away. Phone: 07864
