Rickshaw with padded seats and canopy, 18 speed (500 GBP)

Location **South East, Berkshire**
https://www.freeadsz.co.uk/x-276291-z

18 speed rickshaw in tadpole formation (drive at the rear seats at the front)
is in great condition and was only used as a prop for a theatre show and not used outside and therefore has no rust.
I have ridden it and rides very well
it could probably be easily transformed into a merchandise stall (ice cream)
I have begun to restore it to be used for passengers again but haven't found the time. I've added an old front derailer, cable and selector with intent of proving it will take one, which it dose, before getting a new one to fit it permanently (hence the yellow PVC tape holding the cable on and protecting the paint work under the derailer
the frame is in a good and solid condition, it can swing to 90º to make a smaller footprint for transportation and storage (it will fit in a sort wheel base van)
the canopy is removable by 4 bolts for transportation and storage.
the front seat, comfortable for 2 passengers is made with a heavy duty wearing material with a foam padding that can fold down
the wheels are in good condition with practically all of the tread on them
work that needs done
continue to fit a front derailer (if desired)
replace peddles (deliberately broken ones fitted for the prop)
---
viewing in person is recommended and can be arranged.
located near Newbury for collection.
Selling as seen
