This fantastic machine is in exceptional condition and so it should be having only covered 2995 dry miles from new. It has had 2 very mature owners who have looked after it impeccably. It has a comprehensive service history (7 stamps in the original service book) along with the owners manual, tool kit and all keys. It has some very practical accessories fitted that include R+G frame and radiator protectors, Zero Gravity airflow tinted screen, "Aprilia" logo tank pad, stainless steel Beowulf radiator and oil cooler guards, paddock stand bobbins and a Ventura carrier and touring pack which is easily removable if not to your taste. If you want the comfort of an upright machine with all the power of an RSV1000 Mille sports bike then this is the bike for you. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £3795
