We are very pleased to be offering for sale one of the coolest Harley's ever made in what we consider to be the best colour of Anodised (aluminum). This is a 2 owner bike from new and has only covered 6568 miles since registration, making it a rare beast indeed. It is a 2003 100th Anniversary model adding to the heritage. It is fitted with a genuine Harley Davidson alarm immobiliser and comes with 2 keys and 2 fobs as well as the original owners hand book. The condition is truly stunning, a bike to be proud of, and one that will certainly get plenty of attention. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £7595
