

Durapress X-Press on Demand (3,500 GBP)

Location

South East, Middlesex

<https://www.freeadsz.co.uk/x-277146-z>

The finishing products are of a high standard along with a easy to use digital press, one of the key features of this machine is its like a standard desktop printer, plug in and play with fantastic results. The perfect product with a big impact for people who need to produce Cards, leaflets, Flyers, posters, booklets, tickets etc... revolutionise production of business cards at a fraction of the price of any competitive products. Its very expensive for many companies to justify the cost of out sourcing, so here you are, the full starter kit ready to go. SRA3 printer press. In addition we have stock paper and card, Ink / toner, stapler for all booklets and brochures - a fully programmable SRA3 guillotine, creaser, and double sided heat / cold laminator. The reason for the sale of this machine is we bought these products are a large job two years ago and now that has finished, don't really do smaller printing in house, we are sign, graphics and event company and have little time to provide smaller jobs to the public. Spent £12,000k when new and the machine has only been used for one job over two years, very little use and all the produces are in mint condition. Grab a bargain £3500.00 (Collect)
