Price OVNO. Heya, I'm selling my VERY trusted HP Dekstop regrettably (moving to a smaller place and only need laptop). Used for a host of jobs including large video making, photo editing and organizing. Microsoft Office, Antivirus, Adobe Photoshop, Adobe Lightroom, Sony Vegas Pro 12.0. Windows 7 Pro. Intel Xeon 3.00 Ghz Processor. NOW.... 3 DRIVES! 2x Hard Drives and 1x SSD Drive. 750GB HDD + 1TB HDD & 128GB SSD for the operating system and some software for speed and efficiency. NVIDIA Graphics and 8GB RAM. Throwing in nice wireless Dell mouse and keyboard with media control panel for free.

Collection preferable. Very well looked after and sad to see it.
