Border Collie Puppies - Ready March 11th, with first vaccine, microchipped, insured, wormed, flea/tick treated and vet health checked. From Molly and Edward's litter - Born January 8th 2016. 1 black and white bitch rough/long coated puppy 1 black and white tri rough/long coated dog puppy. 2 black and white rough/long coated dog puppies . 1 red and white tri rough/long coated dog puppy These puppies will be ready to leave at 9 weeks of age namely March 11th and are microchipped and have recieved their first vaccine at that time. Included in the price is 9 packs of Natures Diet food, 2 kilos of James Wellbeloved Puppy Kibble and a 200 gram tub of Toplife Goats milk powder, plus a dam scented comfort blanket. They will be insured for 4 weeks and have had a vet health check. The puppies have been weaned on all of the above and are wormed with Milbemax and treated for fleas and ticks with Nexgard. Please call or email to discuss which puppy may suit you best, there is no pressure to buy, and you are welcome to come and view and go away again if you wish to, no questions asked. However, if you would like one of the puppies born here then a one hundred pound non refundable deposit secures your puppy and then I will encourage you to come as often as you can to bond with your chosen puppy doing so when the weather permits out in the pretty meadows. I am willing to deliver the puppy within 100 mile radius of my home for an additional 50 pounds should you be unable to make a return trip to collect the puppy. Sincerely,
 Wendy Tunnard - Craileeau Border Collies, South.
