

Wanted Perfect Magic House for Relocation Brighton to Nottingham- Make our dream

East Midlands, Nottinghamshire Location https://www.freeadsz.co.uk/x-278052-z

We are relocating for a better quality of life!

15th June is our first available date. from 700pcm - 1300pcm Preferably private. Can you make our dreams come true??

Just so that you are aware the pictures above contain what we refer to as our perfect house. It literally has everything we want, in the way we want. This house is in Redhill. Unfortunately my partner does not drive so with the realisation that the we need closer to town properties, we also will accept a smaller garden. Also, I will not accept property details without garden pics, this aspect is EXTREMELY important. Ideally we would like a bath, not just a shower room. You must accept chickens and rabbits which are outside animals and a fish called Morris. We have no plans for Cats and Dogs or children!

We are very neat and tidy, I am a very keen gardener also.;
