No Estate Agents please we prefer to have a private landlord as we have done so for some years now. We are happy to give what is rent as a deposit which will be placed into the Tenancy Deposit Protection Scheme. We are a private couple.

If you have a property that you feel would suit our needs but have never privately rented before we would be more than happy to talk through things with you, or if you feel you could be the landlord for us please feel free to contact us with your property details.
