It isn't unusual to have a particular interest in an area or a time in the past. This may be as a result of your mind storing memories from past lives or perhaps storing memories that you have inherited. I am a fully qualified Clinical Hypnotherapist (Advanced Diploma) and have carried out many past life regressions on clients. It is a pleasant process and clients find themselves very relaxed as they enter a trance. All in all it is about 90 minutes. This process may take place in my therapy room or if for any reason you do not wish to travel then I am able to visit you. I only ask that you provide the right environment for hypnotherapy; quiet with minimal risk of disturbance. I find that it is useful to have someone else present, if possible, as they are then able to take notes for you to keep. People often regress to emotional times. I have had clients who have had so many experiences, some going back a considerable time. It is a very interesting process yet entirely safe. If you wish for a group of people to experience this together I can accept half or full day bookings. Fee £75 per
