

Dodge Caliber SXT (3,400 GBP)

Location

South West, Hampshire

<https://www.freeadsz.co.uk/x-278300-z>

here is a lovely looking car with a full service less than 2000 miles ago, i will also put a full years MOT on the vehicle for new buyer. it has recently had 1500 pounds spent on the car to keep everything as good as new, it inly has 74400 miles on it, also is very good on fuel consumption for a big car, it has all round electric windows, with all round leather seats, front heated seats, with an in car drinks cooler, it also has electric folding wing mirrors, with an automatic dimmer on the rear view mirror, it also had cruise control, ABS breaking, and traction control. you get a lot of car for not a lot of money don't miss!
