

# Neff Double Oven Good Condition (75 GBP)

Location

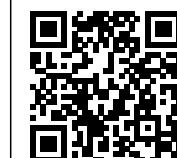

South East, East Sussex

<https://www.freeadsz.co.uk/x-278406-z>

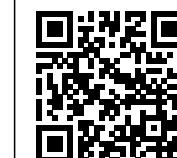

Neff Double Oven as per images. Main fault is door doesn't fully close, requires adjustment or whatever, the lower door is perfect, since the lower oven has had such little use (see photos for the new look inside, element hardly used and immaculately clean). display repaired. Had new fan motor two years ago. Although it is good order for age, there is some burnt-on marks as shown in the photos, I haven't even tried cleaning it, but it should all come off without any problems, this should be clear enough for you to determine if you're happy with it as is or you prefer to look elsewhere! The photos show oven with doors removed so you can see clearly its condition, sorry about the bad photos and grubby fingermarks everywhere I was trying to take photos whilst the installer didn't know how to keep his hands clean! The seal is fully intact, the lamps work, all elements work. Even bakes cakes! Removed from kitchen that's just been revamped, all other kitchen parts are gone, sorry, no hob. Oven is 15 years old, used by couple in their 80's and cost £1000.00 then! This is a Neff made in Germany, not China! Have manual. Comes with several wire shelves. Model number: Neff U1552N0GB Dimensions: 888x594x550 The unit is wrapped up in polystyrene and polythene to protect it, so I won't be unwrapping it just for you to take a look, if you're serious about a purchase and you've brought money with you, then I will open it up. No time-wasters or people needing something to do on an afternoon. Ideal for that house you're selling that you've just installed a new expensive oven and wish to take it with you! Chuck this in and you can enjoy your new oven in your new house! Please email me with a contact number and I'll call you, I have no mobile reception and need to go down road half mile to get a connection, whereas I can receive emails.
