Looking for Women or Men who want beautiful brows that last up to 12 months. Our Academy in Eccles, Manchester are looking for models for our students to practice on, on the following dates: 9th March
 22nd March
 30th March Whether you have already gorgeous brows and just want to add definition and colour to your brow or you suffer from hair loss, thinning brows or want a HD finish that lasts longer than 4 weeks then microblade brows is just the thing for you! The technique is a new type of semi-permanent make up so it is similar to a tattoo. The treatment is done by already qualified beauty therapists and semi permanent make up artists looking to add a more subtle treatment to their salons. The treatment involves drawing on a shape that suits you and that you are happy with. We choose a complementary colour for your skin type and then using a fine needle to gently push pigment into the upper layers of your skin in single hair strokes as shown in the images. The treatment lasts up to a year however a second treatment may be required to adjust shape, colour or definition. The area is numbed first with a safe anaesthetic and the treatment takes less than an hour. Join thousands of other men and women that now have beautiful brows thanks to Microblading for just £35! Appointments are booked from 10am - 4pm on every hour. We are fully insured and licensed premises and full consultation will be done at the time of treatment. Patch test will need to be done 48 hours prior to the treatment to ensure you are not sensitive to any products used. Pregnant, breastfeeding women or those on certain medications may be contra-indicated for treatment. Please advise us of any medical conditions at the time of booking. Strictly no under 18's. ;
