Innovas Business

*Professional Solutions
at Practical Prices ...*

Innovas Business provides practical business support, including Virtual Office Services, Company Policies Compliance, Tender, PQQ and Bid Writing, and Digital Marketing Services. Innovas Business offer virtual office services UK-wide. Being a small business, you will want to dedicate as much time as possible to your work, so why spend hours of valuable time thinking of your marketing techniques and sorting your paperwork when you could be out making new business? Here at Innovas Business we are able to take on those tasks for you – we have an extensive knowledge in helping small businesses to be able to run smoothly without the hassle of employing someone. Too many companies, in particular, small businesses, miss out on the opportunities to win contracts from the Public and Private Sector due to their lack of understanding about the whole process of PQQ, tender and the numerous compliance documents and policies. Innovas Business has been tendering to the Public and Private Sector for nearly 10 years and we are able to ensure that your business has a good chance of winning contracts by writing good quality tender submissions. Becoming compliant with the many changing employment policies and procedures is always a challenge for many companies, especially smaller companies who often lack internal HR resources.

Additionally, if you wish to tender for Public Sector contracts then you will be required to be fully compliant with many other policies and clearly documented procedures. Digital marketing is becoming more and more essential to a business, however, with an infinite amount of social platforms and directories to monitor, how you could ever find the time to give it the attention it needs? Let Innovas Business take over the tasks that limit you in the time you get to spend with customers. Don't be afraid of the 'digital

generation', embrace it and let us do all of the hard work for you!
