Hello I'm Damian and I have a proven track record in the repair of computers & laptops (Apple/Linux included) from hardware failure to virus and malware removal. If your computer is slow and you wish to improve the speed or whether the screen is cracked or your laptop is unresponsive be it the power connector or simply that you have upgraded and wish all your data & personal information moved over then I offer all these including back-up and cloning in a dependable secure safe service. Windows 10 Install or safe restore to Windows 7. I am legally registered (CRB on Demand ) and qualified CompTia A+ I operate call out or for your convenience a safe out of hour drop off/pick up. service whatever's best for you. No Fix No Fee. I was the technical Manager at Millennium Hi-Tec & have years of quality service experience. Thank you. ;
