

EARN 20,000 per year guaranteed. Transit or Tipper Owners Preferred - Driving Licen

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-288462-z>

We are looking to recruit hard working, self-motivated and driven individuals across Manchester to assist with our huge number of inquiries for rubbish removal/disposal and recycling services in the commercial and domestic sectors. Transit or Tipper owners are preferred however; this is not essential. Full training and support given. Full driving license is a must. We currently run services in the South of England and have seen our self-employed teams earn anything from £20,000 per year up to £100,000 per year depending on how much or little our teams want to work. We don't just recruit drivers and stop there. We help the drivers/teams by offering a steady work flow, ongoing support, full uniform, PPE (PERSONAL PROTECTIVE EQUIPMENT), help with obtaining a waste license and help obtaining public liability cover. As a responsible business we also can assist with your accounts if required. Join the fastest growing waste removal company in the UK and let's grow our businesses together. Unfortunately, places are limited and we only select 2-3 people per area. Email us.
