Location

**Yorkshire and the Humber, North Yorkshire**<https://www.freeadsz.co.uk/x-289015-z>

I am selling my magic book collection, which consists of 367 different book titles (hardback, softback and spiral bound), 112 VHS videos, and various magic magazines from the 1980's and 1990's. Most of the books are in good condition and they are packed in 17 boxes. I accumulated these books over a 15 year period, and they feature many classic titles by well known authors. Mainly, the books relate to close-up magic, mentalism, card magic, coin magic, manipulative magic and cabaret. There is a ton of quality information here, which will appeal to all magic enthusiasts. I would prefer to sell the collection as a unit, and I am open to offers (the price quoted is just a guide). Potential buyers are welcome to inspect the collection in person (I am based in North Yorkshire). Also, the buyer would need to arrange to pick-up the boxes. If this interests you, please message me and I will send you a full list. Please note, I can only accept payment in cash upon.
