Here we have a immaculate example of a Honda CBR1000RR that has covered 29250 but you would not know it by looking at the bike, its in superb condition. This really does need to be viewed to appreciate how great this is. The bike has been HPI checked and a Certificate will be presented with the bike. The paintwork is in great condition and has been fully polished by our on-site valet. The bike has been fitted with a Akrapovic exhaust, this allows a little more of a growl upon acceleration and also allows the throttle to be a lot more responsive. A tank pad has also been fitted to the bike, these protect the paintwork from rubbing with the riders jacket, they also look nice. The bike also comes with the original screen, exhaust, rear foot pegs and cabling. Viewing is welcome any time and we guarantee you will not be disappointed. Give us a call on 01246 860046 for more info or pop in and view the bike at CMC Clay Cross. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us.
