Submerge yourself in the surroundings of this three bedroom Villa on Gardner Road. Seconds walk from the colourful delights of Prestwich Village and with the extensive Clough on your doorstep, it's easy to see why Gardner Road is Prestwich's most desirable location.

From the tiled entrance hall and stained glass door this home smacks of original features - and there's even more throughout! Two substantial reception rooms, the lounge is warm and welcoming, thick bouncy carpets, sink-in armchairs and a big stoking fire for good measure. The uber-fab dining room, with a six seater dining table is the ideal setting for hosting even the most special guests.

Through to the kitchen, any wannabe MasterChef can whip up a storm on the range cooker and you'll never be short of worktop space, open the French doors and spill out onto the patio. High hedges ensure your time in the garden is private, and theres a great spot if you want to dine alfresco.

Upstairs, the master bedroom is the jewel in the crown, with rustic original floorboards, teamed with opulent furnishings, this is the ultimate boudoir. The second bedroom, currently used as an office, with big bold furnishings, a great home workspace. The third room, also a double, makes for a gorgeous guest room. The bathroom, sleek and modern, tiled throughout with a shower over the bath.

Keep this period property clutter free with excellent storage in the basement, theres also a spot to do your laundry. And for those who require further storage, look no further than the large detached.
