Stunning unique mint condition very limited edition Custom Shop Telecaster. Dated 24th of July 2015. Natural wood finish. Alder body with swamp ash veneer face and white beading. Maple neck. Rose wood finger board. 22 frets. Bridge and neck pickups. Three way toggle switch. Volume and tone pots. "Bigsby" style tremolo. Gold hardware throughout. Pearloid Celtic cross finger board inlay. Looks and sounds beautiful. Suited to all types of music. Lovely set up with a very low action. Fender 10 strings fitted. This sale will include a new "Thomann" black lockable wooden hard case and keys with the Fender Telecaster logo on and a new quality "Tiger" leather strap in white with red Celtic design. Gold strap locks fitted so the strap will not come off while you are playing. I bought this guitar at Christmas from the first owner and he told me it had not been played at gigs. He had however taken it to one, put it on a stand on the stage as a back-up and while he was on stage some low life stole the case with the paperwork in that came with it, hence the new case and no paperwork. It has not been gigged by me. Just a small amount of home use. I have sadly learnt that due to ill health and old age my band may never play again so I want to down size and this one will have to go. I am open to any sensible offer over £500. This is a cash on collection sale only. You are very welcome to come and try it. No time wasters or scammers please. Thanks for.
