2001 Mercedes vito 2.0 petrol Armourplate lock covers fitted, reverse cameras, gps sat Nav and DVD stereo, rear orange halogen beacons front orange strobe bar with 7 settings front super bright led work lights, tow bar fitted with removable strap pin. this is a good work horse but no longer required as am look for a car now. it does have a few issues heater doesn't work, a little bit of rust starting on wheel arches and the rear lock doesn't work on key but I am still using as a daily run around and it just keeps going;
