Up for sale is our 1997 R reg bus that we've owned for the last 5 years. It's mot'd until 14/03/2017. Auxiliary propshaft couplings just replaced, new anti roll bar bushes, new exhaust last year. It has 8 seats and is a 2.2 turbo diesel. 185,000 km on the clock which equates to roughly 115,000 miles. Remote central locking, power steering, electric sunroof, windows and mirrors. Air con front and rear (working), seats to the rear can be changed...see photos. Nice big boot space. Ideal family car only reason for sale is downsized to a smaller car. Lots of history with it including the import certificate to confirm mileage. Any questions please message me. Collection from Crawley. £1175.00.
