A beautiful example of a car which is only a couple of tweeks away from being a VXR, I believe its just down to tuning i.e different turbo and a remap. Was told by previous owner this has been done, still awaiting reciepts to prove. Has definatley had a new turbo, been assured by local garage also cam belt and water pump look very recent. This is mechanically solid and tight, could easily be compared to driving a brand new car. The car is aesthetically smooth for year, all tyres like new, has full XP upgrade and a six speed manual with sports button. Millage at present is, as in picture 116359, will rise very slightly as used to run kids to school and do the weekly shop. Has only done 3k since last MOT, any questions please call 07518617297 or inbox will reply to all enquiries. £2400
