If you prefer a softer feel mattress that still provides outstanding comfort and support, then our TEMPUR Cloud 21 mattress is made with you in mind.

The Cloud 21 mattress provides a top comfort layer made of a specially developed TEMPUR 'Extra Soft' material for a feeling of instant relaxation. Working in perfect harmony with the lower support layers, once you settle into your most comfortable position your body weight is redistributed reducing pressure whilst you sleep. Support, comfort and durability are uncompromised while you experience less tossing and turning during the night and wake up feeling refreshed.

As well as moulding to your body's natural sleeping position, the specially developed TEMPUR 'Extra Soft' material is designed to regulate temperature and humidity, maintaining a pleasant sleeping environment throughout the night.

The TEMPUR Cloud 21 mattress is finished with a removable and washable cover, which is ideal if you are an allergy sufferer.
