

The car was first registered on 24th November 2014 and as such has a 64 plate and has the 2015 model year facelift. It is in immaculate condition with rubber mats over the velour over mats and has only done 7800 miles. It has all the usual mini goodies such as cruise control, electric windows, etc plus the following sensible options at extra cost:- •Gravity Carbon Leather throughout

10. Passenger seat height adjustment
11. Forward/rear steering wheel
12. Toe-in/steer velocity
13. Storage packages (e.g. a new car
and a new house) given the model base con
B90 1UD - Dickens Heath /

13. Storage packages for a new car arrived on 1st April, 2012. The car has been exceptionally protected, and is available given the particular conditions of the specific model and low mileage. The car can be new for
