Combine everything good you would have to say about the Ford focus with more headroom, more cabin space, more spec and most importantly 2 more seats, there you have it, the Ford Grand C-Max. This brilliantly executed project shows Ford upping the ante and providing acres of space for seven adults whilst combining the supple handling of around town potholes with an authoritative feel when out in the country! Similar to the award winning Focus in most aspects, the drive is wonderfully refined with a concentration on sharp steering coming clear when cornering becomes almost a ballet. Not using all 7 seats on a regular basis, no problem! The Grand C-Max is the market leader when it comes to reclining the rear 2 seats with easy to create vast space in the boot. You could even bring your kitchen sink with you for those family trips down to the coast. This 2013 model comes with a comprehensive 3 Stamp Service History with the most recent carried out here at acar2go. This one comes across as a real no brainer? BUT... Surely that is a decision for you to make, I have said all that I can and would love to answer any questions you may have, so give us a call!
