<https://www.freeadsz.co.uk/x-291535-z>

On location in Warwickshire, join Alan Ranger Photography for one of several flower photography workshops. Sunflowers - You can capture close-up and macro as well as the wider vista shots. This workshop is nothing short of inspiring - smiling sunflower heads bathed in golden light (hopefully) is a must for any photographer. Suitable for photographers of any level as there will be something of interest for everyone. <http://www.alanranger.com/photography-workshops/> No prior knowledge of photography is required as each student will be taught individually, according to their level. Expand your skills at landscape photography and enjoy stunning locations at the same time. Recognise correct lighting, contrast and texture to shape and form each shot. Learn the impact of using long exposure, shallow depth of field and other techniques. If you can't make this workshop, why not take a look at the website to see future workshops, field trips and courses later this year and into next. Be kept informed via the regular newsletter or on Facebook. <http://www.alanranger>
