Look at this fantastic van conversion - Has only done just over 5000 miles and is in great condition throughout and will be snapped up very quickly by a new owner. The Trigano instantly stands out as a quality vehicle with its metallic silver paint, body kit, futuristic roof rack with rear-mounted ladder and electric step. Blown air heating means this "van is capable of winter touring, too. The Trigano is based on the 5.6m-long Fiat Ducato 15 chassis, with 110bhp from a 2.3-litre JTD turbo-diesel engine. The five-speed gearbox which gives you a smooth drive. The Trigano is well designed and beautifully executed. Thanks to a hinge-down panel, the amount of work surface is plentiful. A similar panel helps convert the back of the motorhome into a dressing area for the shower room. Kitchens are often restricted in "van conversions. However, the Trigano manages to fit in a four-burner hob, with oven and grill, as well as a sink and drainer and, thanks to its clever drop-down extension, a decent amount of work.
