Both have been neutered and are micro-chipped. Maisie is the white/tortoiseshell and will be 2 in June. Millie is all black and will be 2 in May. Both are house-trained and will go outdoors but prefer to be inside. Maisie is strong-willed and likes her own way, is not a lap cat but will tap you with her paw or nibble your hand if she wants a scratch. Millie loves nothing better than being snuggled up with you on your lap. Due to a change in circumstances, I am having to find them another home which I would like to check to ensure they are going to someone who will love them as I.
