2003 Citroen Xsara Picasso - AUTOMATIC

May swap for a trailer tent / folding camper

Mot November

Only 65,000 miles - VOSA mot history to prove the mileage is genuine

HPI clear - done when I bought the car - so NO dodgy history

Remote central locking

Electric windows

Central locking - does not work on the driver's side back door. It is only the individual door motor. It never bothered me - as it still opens / closes and locks - so I just left it.

As can be seen, there is damage to the rear passenger side door (from before I bought it) - still opens. closes and locks - hence the low price. Does not affect how the car drives.

Excellent runner. A light VERY occasionally comes on the dashboard. I have had it looked at and they think it is just a sensor, as it happens only when the petrol is at a certain level...!!!

There are cubbyholes in the floor behind the front seats.

The back of the front seats have drop-down trays, and the middle rear seat can fold down to a tray / table.

I would rather be honest and tell you all the negatives.

Private sale - Owners document is in my name at my address.

Owners books, wallet, manuals etc. Spare keys included, service history

I bought it at the start of December whilst waiting for the insurance to pay out on my right off. VERY happy with it.

Starts first time, every time.

I bought it from Wheelchair Cars in Eccles and the previous owner of 5 years was a Care Home - so definitely not abused!!

Any trial etc.

Due to new regs, the tax cannot be transferred to the new owner!!

Eccles, Manchester. Just off Jct 11 of the.
