Please feel free to pop in and view the bike in person

With its smooth performance, comfortable riding position, low seat height, ample luggage space, wind protection and passenger accommodations, the Heritage Softail Classic is a true custom-touring bike. The quick-release windshield allows for quick conversion to custom cruising. With technology such as ABS and Smart Security System with proximity-based, hands-free security fob this bike offers old school classic looks from a modern day cruiser! This example, in superb 'A1' condition, has had a stage one kit which consists of the Vance and Hines exhausts, replacement air filter and fuel pack. As well as a headlight upgrade, which cost £400 on its own! One owner from new and genuine 400!
