

# Habitat Radius Oak Double (140Cm) Bed (160 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-294008-z>

We are selling our much-loved Habitat Radius double bed. One of Habitat's best-selling products, it consists of a solid oak frame, beech sprung slats and well designed knock-down fixings for easy assembly with one 10mm spanner. It measures 2260 x 1470mm when assembled and the top of the headboard is 820mm tall. It accommodates a regular 4'6" double mattress. Even though the design has been around for more than a decade, it's nice use of radii and angled headboard keep the design fresh and relevant today. We have kept it in very good condition since we purchased it 4 years
