'The Fabulous Feedback band were everything we hoped they would be and more. They totally got the party started and made our wedding reception completely awesome! Thank you so much!'
- Ton Lazur - wedding reception - Buckinghamshire 'So many people commented on how brilliant they were, not just their playing, but their enthusiasm and attitudes to making sure we had the best time - loved it!'
- Amanda Winslet - wedding reception - Oxfordshire 'James and I just wanted to pass on our sincere thanks for putting on such an amazing performance when you played at our wedding ... you really made our night and everyone kept asking us who the sensational band were? The choice of songs was perfect and the fact that everyone from the little flower girls to the Grannies were all on the dance floor was testament to your brilliant sets?.'
