Here's a chance to grab a one off Type R replica, cheap to insure amazing on fuel & cheap tax. Reverse sensors just fitted professionally & so to window tints all round. Reburished alloys & coated white. New mot only last week. Upgraded double din jvc cd player installed with steering wheel controls, & has amp & sub in boot sounds amazing.. DSG Paddle Shift Gears, meaning you have 3 ways you can change gears.the body has been plasti dipped matte black, this is simular to vynal wrap but in my eyes better. If you don't like just peel it off & it'll go back to shinny mattallic black underneath. This is a fun car to drive with a great sporty feel. These vtec engines are unbreakable strong reliable & chain driven.loads of money has been spent on little mods & can be restored back to normal in ease."but why would you want to" I'm 41yr old father not a boy racer so hasn't been thrashed around I just like good looking reliable cars.its also only had 2 previous keeper. Please no time waisters or dreamers or test...
