Based at Thorness Bay Holiday Park. About the park:

Thorness Bay is an amazing park and really does have something to offer for all the family. With a lively restaurant and show bar it offers great family entertainment day and night as well as the opportunity to sample our wide selection of meals available for adults and children. Or if that is not your cup of tea then why not have a go in our indoor heated pool or have a play on our adventure playground? And then even after all of that you are still not worn out then why not go for a nice casual stroll down to our private beach and watch as the waves lap against the glistening shore line. Thorness Bay is nestled away in a lovely little corner of the Isle of Wight and sits in an area of outstanding natural beauty. We are only a short 5/10 minutes from the bustling but yet quaint towns of Newport and Cowes.

Because of our amazing location we are able to offer spectacular views that are second to none. We are situated amongst undulating hills, magical woodland (perfect for exploring), idyllic beaches and lush green fields that surround the park.

This holiday home really is amazing! So spacious and so full of life and so welcoming!  
 As you enter into the Holiday home you find yourself in the kitchen and dining area. The dining area sits separate from the lounge and the kitchen and is on the left hand side as you go through the door. Although everything sits in different areas it gives you a feel of open plan living which makes the area light and airy.
