## Denon AVR-1910 7.1 Channel amp Boston Accoustics XS 5.1 Home Theater system (2

East Midlands, Northamptonshire Location https://www.freeadsz.co.uk/x-294668-z

Great system - have recently upgraded so much loved package now on sale - securely packaged in original boxes waiting for a new home...

System all working no problems with the system. I have included pack of new rubber caps in the sale as the joints for wall mounts have perished. Only negative is that when I last last cleaned the unit I somehow scratched the top which is only really visible when looking closely.

Comes with 20m meters of unused speaker cable and a subwoofer lead (all new).

Originally cost just shy of £800 so grab yourselves a bargain. Purchased after greaat reviews - see links below.
