

Nissan X-trail 2005 (3,495 GBP)

Location **South East, Middlesex**
<https://www.freeadsz.co.uk/x-294794-z>

Nissan Xtrail SVE 2.5 Petrol Auto with newer shape interior.

Company car forces sale, 4 former keepers and I have owned for the last year or so, last owner only sold as going back to the USA.

This is taxed and insured until November time so not desperate to accept daft offers! But open to sensible offers!

Full service history, MOT until June time, will put new MOT on if can agree a mutually beneficial price.

Just under 71k miles yes you read it right!

- The Good
- Aircon
 - All leather seats, with electric fronts
 - All electric windows
 - Fitted carpet set including boot, also plastic liner for boot
 - Inside as near to perfect as you can get for a 10 year old car
 - ALL the electrics work and I mean everything including heated seats and cruise

4X4 system works as it should

--	---	---	---	---	---

Front and rear discs replaced in at 50K with pads

The not so good

Body work is generally very good with a small dent in Drivers side rear panel by boot and the odd stonechip.

The worst is a dent on the nearside rear wheel arch, last owner did it, it didn't worry him and has not bothered me as I would rather have a car that has done half the amount of miles than any other Xtrail out there I looked at.

More photo's can be sent to.
