

# smarter wifi ikettle 2.0 (70 GBP)

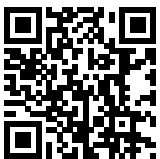

Location **North, Lancashire**  
<https://www.freeadsz.co.uk/x-294878-z>

smarter ikettle 2.0 in new condition £70ono

Remote boil your iKettle from anywhere in the home.  
Water Level sensor shows you exactly how much water is in the iKettle on the App  
Make night feeds easier, remotely boil and be notified once the water reaches your desired temperature  
Select any temperature between 20-100c to get the best taste from your chosen tea  
Wake Up mode and home mode allow you to schedule your kettle at a time to suit.
