This is the LUXURY addition of the Ford Ka 1.3. A lady driver is selling this, and it is very easy to park and manoeuvre. It is ideal as a first car, and cheap to run. The MOT is valid until January 2017 (due 07.01.2017). The car was fully serviced in December 2015. I have full receipts as proof of service, £220 was spent on the car including a new top steering mount, oil and filter change. Mileage is 88500 miles. The black car comes with beige full leather upholstery, Air conditioning, Power steering, Electric and heated windows, Alloy wheels, Radio/CD player, Rear wash wiper and luggage cover, Central locking. It is simple and effortless to drive. The interior is in excellent condition with no rips or tears. It starts every time, a great little runner and runs perfectly. Viewing recommended, please message me for further.
