Labrador Puppies, 2 Black females available . Superb examples of Labrador Puppies,

- \* 4 weeks insurance
- \* Puppy leaving pack
- \* Fully wormed.
- \* Bred in our home.
- \* Including 1st Injection & Microchip

Carefully bred with health and temperament in mind we are very proud to announce our litter of gorgeous Labradors. Pups are ready to leave around 16th April. They are well accustomed to all house hold noises, sights and sounds, young children and other pets. They are already well on their way to being toilet trained, they are quiet throughout the night and will be eating solid food . They will have had their 1st injection and will be microchipped, flead and wormed. They will leave with a starter kit to help puppies settle into their new homes including their first weeks' worth of food, blanket with mum and litters mates scent and goodies, as well as 4 weeks insurance.

The pups Mum is our adorable family pet Simba, she is a fit, happy and healthy, with a very loyal and friendly personality. She is absolutely fantastic in caring for her adorable puppies and is a very faithful pet and gets on really well with our other pets (Rabbit and Parrot).

Health and temperament were paramount to us when choosing a mate for Simba.

The pups farther is a Black Labrador, he is health tested beyond the requirements of the kennel club, he has a good Hip score, Clear eye tests and is DNA tested Clear for PRA, CNM, MH and EIC, all debilitating conditions affecting Labradors, with his clear results his puppies are guaranteed to not be

affected at any point in their lives by PRA (type of Blindness) CNM ( Muscular problems awkward gait faulty ears) or Exersic (collapse) as been shown healthy and clear results of genetic tests. Labradors are a fantastic family pet and get along really well with young children. They are also a fantastic sight for the elderly. We hope you will like our mother and picture proof of her health checks for the father can be provided.

This is our First Litter of Labradors and has been a wonderful experience, puppies from the same Sire have gone on to be wonderful Family pets, successful working dogs, as well as some pups have gone on to work with the blind, disabled, mountain rescue, special needs children and competed in various sports including agility, fly ball, working trials and anix racing, as well as many fun dog shows and surries. Pups will make wonderful pets or working dogs.

Viewings and deposits available now. Puppies are 5 weeks old and can leave around 16th April 2016.
