Location **West Midlands, Worcestershire**

selling due to recently buying another car.

1.2L 5 door hatch back, being the GLS model it has all the best fittings i.e sun roof, front elec windows, elec mirrors, driver airbag, central locking but only when using the key in the door it self, interior is in very good condition for its age and so is the body work. runs perfectly and starts everytime no matter what the weather is and it also has an induction air filter to give it that little more umph a 1.2 needs, its cheap to run and to insure so makes an ideal first car or little run about. its m.o.t'd till 31st may 2016 but it will fly back through it as it had no advisory's last year and its been well maintained while i have used it daily for work and general use. the car is a great little motor its done me proud the whole time i have owned it.

will be sad to see it go but having a new car i no longer need it so genuine reason for sale.

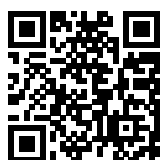

£300 ono (need it gone ASAP so open to offers and swaps open to what you got)
