Hi everyone. I'm a freelance photographer for many years. My work interests cover a wide range of our magic world. Its sport (competitions, training, can do photo shoot of your child at any sport activity and still life) travel, nature, architecture, interiors, design, fashion, products, pets, business meetings and events, family parties and weddings. I work in the London area as well, willing to travel nationwide for an additional fee. My hourly rate is £40 plus travel expenses. It includes the final image editing on your preferred media. Have a look for my work experience and latest photos at www.ushakaphotos.com and contact:
