Here we have my volkswagen transporter shuttle lwb t5 with dsg gearbox. By far these are the best minibuses on the market and are perfect for a large family with loads of boot space. It has covered 159000 miles but has always had regular services by myself. There are a few bad points with the car but I feel they reflect the asking price. bad points; Needs a new front wiper motor £80 from eBay new wiper arm £30 from eBay 2 seat belt clips minor touch up on rear bumper scrap on rear passenger door I have tried to be honest with the bad points so there is no confusion when viewing. It has had a fully reconditioned gearbox 12 months ago. Mot is just running out. If there are any questions please do not hesitate to message me. I will add photos tomorrow when it's light.;
