This Brimnes model bed from Ikea is a fabulous addition to any home setting. It is a Single size that opens up to a massive King size bed. It is perfect for anyone who may have a flat or room on the smaller side of the spectrum. It also has two large drawers which allow for a lot of storage space. In addition to the bed frame, I am selling the two foam mattresses as well. They were each bought separately and are the only ones that work with this model. The cloth covers have been washed as of 21/03/16. (I will do so one more time the night before pick up or day of depending on pick up time.) Their price is included. The only fault in it is the one wooden plank that was accidentally broken; other than that, everything else is in great condition. I also still have the manual that it came with. Also please note that the dimensions are when the bed is opened into King Size. As a Single, it is 80x200cm

I have only had this bed for a year and a half so it is still fairly new. I am a student and will be going back to the States in a week; which is why I need this sold asap! It must be picked up on the 30th of March.

In summary:

1 Brimnes Bed Frame (Retail price: 160)
 2 Malfors foam Mattresses (Retail price: 100 each)
 Total retail price: 360

Amount I am taking off original retail price: 160

So essentially you will be paying for two mattresses and the bed frame is free!

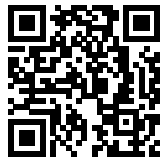

Feel free search both of the items on the Ikea website just to confirm retail pricing.

Featured bedding and pillows are not included. If anyone has any questions or would like to see more photos or hesistat to contact me
