Is the look of your business being ruined due to scratches, graffiti or acid etching on your shop front windows? Maybe you're a tradesman who has accidentally chipped a glass balustrade in your customer's home and who now faces a hefty bill for removal, replacement and refitting? Perhaps it's the windows in your home that are the problem, your view obscured by condensation inside your double glazed units, or the realisation that your heating bill is a lot higher than it could be? If you answered yes to any of these questions or are simply someone who is unhappy with the condition of any of their glass then contact us now to find out what we can do for.
